

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

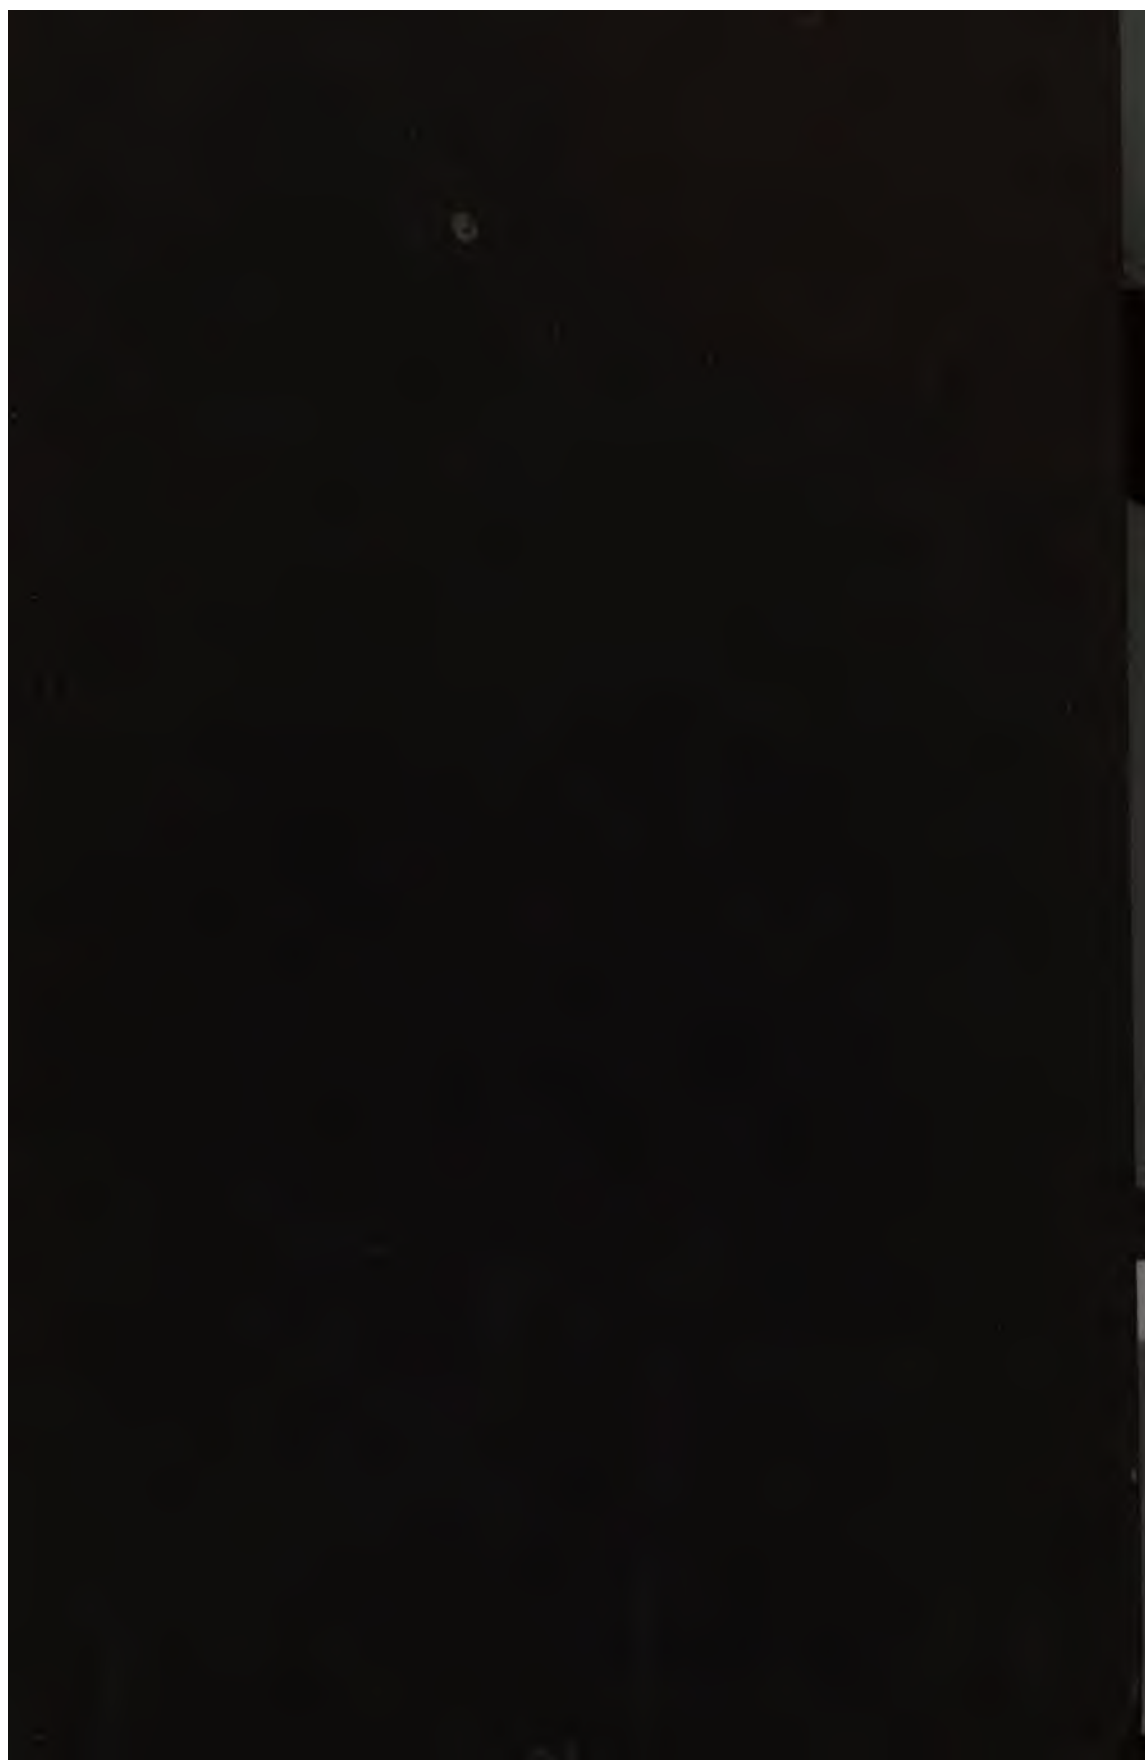

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

WHILE in the Presbyterian Hospital, of Cincinnati, O., in the summer of 1897, recovering from an operation, I was impressed with my own ignorance of the personnel of the ministry and of the work of the Southern Presbyterian Church. With this consciousness came the *desire* for an intelligent acquaintance with the Southern brethren and their work, and with the desire came the suggestion, with the opportunity at hand, of editing a Directory of the Ministers of the Northern and Southern Presbyterian Churches, in one volume, which is now in your hands as an accomplished fact.

Many ministers in each of the branches of the Presbyterian Church acknowledged and regretted their ignorance of the ministry and work of the other branch, and hailed in strongest terms the idea of a publication containing a laconic history of every living minister of the two churches in one volume, together with such other information and statistics as would make us more helpfully acquainted with each other, and enable us to realize how nearly one we are. A noted minister from the Southern Church wrote, saying: "It gives me great pleasure to know that we are to have such a Ministerial Directory as you are preparing. By many its publication will be hailed with delight." A number wrote, saying: "A good idea. Wonder it was never thought of before." Others wrote: "I am heartily in favor of such a Directory. If I can aid you in any way in making it complete, command me." A representative minister wrote, saying: "I am rejoiced to know that you are to publish a Directory of the ministers of both branches of our church. I trust that it will prove one of the interlacing stitches that will draw us closer and closer together, until the seam will disappear from vision."

These are only specimens of the hundreds of letters received endorsing the *idea* of the Directory.

For the Directory's measure of completeness I am indebted to the hundreds of ministers who, though perfect strangers to me, wrote letters of appreciation of the greatness of the undertaking, of the importance of, and their desire for, such a work, and always urging, "Make it as *complete* as possible."

To accomplish this neither money nor labor have been spared. Those who did not respond to the first circular received a second, and they who did not respond to the second received a third and a fourth. The fourth circular failing to locate the brother or elicit a response to bring the desired data, other channels were followed, and "no stone was left unturned."

Less than a dozen ministers, not endorsing the idea, wrote me kindly, asking that their names be omitted, or that simply their names and present addresses be entered in the Directory. The names and addresses of others, whose data I was unable to secure from any source, occupy their place in the book, and in some instances the name only appears, as the address could not be learned.

The names of native foreign missionaries are omitted from the Directory. Our blanks called for the following data: Name in full, with present address; place of birth; where and when *graduated*, or what college or seminary *attended*; when licensed and ordained, and by what religious body; what churches served and positions held; and author of what works. Some ministers who sent in interesting information, not strictly under the above heads, kindly said, "Omit this if not wanted." Others may be disappointed in finding such information omitted, or very much abbreviated under their names. As the object of the Directory is to make the two branches of the Church better acquainted with each other, it seemed fitting to put each Church, with a statement of its work, a list of its educational institutions and religious papers, and general catalogue of its living ministers, separate and in the order they stand.

I desire to acknowledge the uniform kindness I have received in the preparation of this book from the ministers of the Southern and Northern Churches, and to thank in particular, without personal mention of names, the Secretaries of the "Executive Committees" and "Boards" for the statements of their work, Editors of the Church Papers for helpful notices, and all those who have aided in giving and securing information otherwise inaccessible to me.

Trusting that the Directory may work an injury to none, and that it may be satisfactory to all in both branches of our great Church, I beg to remain

Cordially yours,

EDGAR S. ROBINSON.

STATEMENT.

The Presbyterian Church, known as the Southern Presbyterian Church, began its separate existence in 1861. From this time until the close of the Civil War its mission work was confined to the Indian tribes in this country. In later years all the work among the Indians has been placed under the care of the Committee of Home Missions, and does not now form a part of our foreign mission work.

The first missionary sent to foreign lands was sent to China in 1866. In that field we now have eleven stations, twenty ordained missionaries, eight laymen (including physicians), twenty-one wives of missionaries, and fourteen single ladies (including widows). The number of communicants reported in 1897 was 281.

The next mission was opened in southern Brazil in 1869. In 1873 another mission was opened in northern Brazil. There are now in these two Brazil Missions, ten stations, ten ordained missionaries, ten wives of missionaries, and four single ladies. Results of the work in these missions are gathered into the Synod of Brazil, of which our missionaries are members, and in which they work in co-operation with those of the Presbyterian Church in the United States of America.

The mission to Mexico was opened in 1874. In this mission there are now ten churches with 678 communicants. Ordained missionaries, one; missionary wives, one; single ladies, six.

The mission to Japan was opened in 1885. Our work there is carried on now at six stations; the number of missionaries is: ordained, eight; missionary wives, eight; single ladies, six. The results of our work in Japan are gathered into "the Church of Christ in Japan," which represents the coöperative work of all the Presbyterian bodies in Japan.

The mission to the Congo Free State, Africa, was opened in 1890. There are now in this mission three stations, one organized Church with about 125 members, seven ordained missionaries, two wives of missionaries, two single women.

The Korea Mission was begun in 1892. In this mission two stations are now occupied, and two others are partially opened. The mission consists of five ordained missionaries, one physician, four missionaries' wives, and three single ladies, including a lady physician. At the present time there are no fully organized churches. The last report gives about twelve communing Church members.

We have in China one boarding school for girls and one for boys. In Japan, one girls' boarding school, one boys' boarding school, one woman's Bible school. Our missions have always emphasized the direct evangelistic work above the educational work.

The whole number of missionaries now employed by the Executive Committee of Foreign Missions is 156, ordained men, fifty-six; laymen and physicians, nine, (several physicians included under "wives" and "single ladies,") missionary wives, fifty-two; single ladies, thirty-eight.

The income of the Executive Committee of Foreign Missions for 1897 was \$148,741.79.

The Executive Committee publishes a general missionary magazine and a children's magazine. The circulation of these two magazines in 1897, was about 12,000 and 5,000 respectively, per month. A Prayer Calendar is issued, having in 1897 a circulation of 2,000 copies.

The office force consists of one Secretary, a Treasurer, Assistant Treasurer, one Editor, and one Clerk and Stenographer.

The Committee owns no real estate in this country, and has no permanent fund, depending entirely on annual contributions for the support of its work.

The women of our Church have no separate organization. They work through the Executive Committee of Foreign Missions, when they wish to help in the regular Foreign Mission work of our Church.

In some of our Presbyteries the women have what is called "Ladies of Woman's Presbyterial Unions." These are useful and helpful. They do much valuable work. The children work in the Church societies and have no separate organized work; the various societies (Y. P. S. C. E. included) contributing generally through our Foreign Mission Committee.

HOME MISSION WORK.

THE GENERAL ASSEMBLY'S HOME MISSIONS, PRESBYTERIAN CHURCH, UNITED STATES, ATLANTA, GA.

EXECUTIVE COMMITTEE OF HOME MISSIONS.

Rev. John N. Craig, D. D., Secretary.	W. A. Powell, Esq., Treasurer.
Rev. E. H. Barnett, D. D.,	John C. Kirkpatrick, Esq.,
W. P. Inman, Esq.,	Rev. T. P. Cleveland, D. D.,
Rev. A. R. Holderly, D. D.,	M. A. Chandler, Esq.,
Rev. Chalmers Fraser,	Rev. T. H. Rice,
	A. Beatie, Esq.

The plan adopted in 1894 divides the work into two departments, local and general.

The Presbyteries are asked to undertake their local work, and it is optional with them as to whether they do this by working separately or by combining and working together as a Synod. In some Synods the work is carried by each Presbytery, separately; in some Synods all the Presbyteries combine and work through one Synodical Treasury, all funds being sent to that one Treasury. Then, Synodical Evangelists are employed, whose time is divided among the Presbyteries, and the remainder of money is divided among the Presbyteries to be used by Presbyterial Committees in local work. In some Synods a part of the work is done by Presbyteries and a part through a Synodical Treasury. Three months, February, June and August, are given to these local committees for collecting, and the stronger Synods aim to care for their weaker Presbyteries.

Two months, January and September, are set apart for the general work; the contributions of all churches are sent to the General Assembly's Treasury, to be used by the Assembly's Central Committee, in aiding the weaker Presbyteries (not cared for by their Synods) and in frontier work. This work is very nearly all expended in the weaker Synods of Florida, Arkansas and Texas, in the Indian Territory and New Mexico. The *one* term, Home Missions, includes Sustentation, Evangelistic, Church Erection and School Work. The *rel*egation of so much local work, from the General Assemblies to the local committees, decreased, of course, the income of the Assembly's Committee, yet it gives to the Central Committee a larger amount than was formerly left under its control for frontier work. The total receipts for the three years since this plan was adopted, have been (including legacies)

FOR GENERAL ASSEMBLY'S WORK.

FOR LOCAL WORK.

1894-95.	\$28,855	\$ 98,362
1895-96.	29,015	104,461
1896-97.	25,606	99,294

The receipts at the Assembly's office up to the tenth of February on the fiscal year, April, 1897, to April, 1898, have been in advance of the previous years of this plan.

THE INVALID FUND,

For the benefit of infirm ministers and for the families of ministers deceased, is also in charge of the Assembly's Committee of Home Missions. This fund, from \$12,000 to \$18,000 per year, gives aid to more than thirty infirm ministers and to about one hundred families of ministers deceased.

COLORED EVANGELIZATION IN SOUTHERN GENERAL ASSEMBLY.

PRESBYTERIAN CHURCH IN UNITED STATES (SOUTHERN),
 REV. A. L. PHILLIPS, D. D., Secretary; W. A. POWELL, Treasurer,
 TUSCALOOSA, ALA., February 4, 1898. }

Historical.—Presbyterian people living in the South have always recognized their duty to give religious instruction to the colored people. At least 15,000 had been gathered into the church at the breaking out of the Civil War. They were permitted to worship in the same buildings, enjoyed the same preaching, had the same pastor as the white people. They were taught the catechism and the plan of salvation. Men of piety and learning freely gave their attention to these people with most hopeful results. After the war the Southern Church endeavored to keep them in her communion. But the negroes naturally turned to their Northern friends and into the self-governing colored denominations around them. After trying many plans the Southern Assembly saw that the colored people would naturally seek to establish their own denominations, and concluded that the best course to pursue would be to aid them in establishing a *self-governing Colored Presbyterian Church*.

Educational.—The Presbyteries were instructed to seek out fit young men and train them for the ministry, to establish churches and ordain officers, and to found Sabbath-schools among them. This policy was fixed in 1874. In 1876 the Assembly opened an Institute for Training Colored Ministers at Tuscaloosa, Ala., putting it under the control of an Executive Committee of the Assembly. As ministers were trained in the Institute they were sent out to preach. The Institute has had under instruction

40 Presbyterian graduates.
 79 Presbyterian non-graduates.
 47 Methodists.
 15 Baptists.
 181 Students.

Its course of study is not wide, but thorough. Provision is made for training colored men and women for the Mission in the Congo Free State, where two of its graduates are now at work.

Plans for the development of this Institute, now called Stillman Institute, have been approved by the General Assembly, and funds are being collected for the purchase of a farm so that the students may labor for partial self-support.

It is hoped that this Institute will develop into a great educational center for the colored Presbyterians.

Sustentation.—When men leave the Institute they are often put in charge of small colored churches, scattered here and there over the South. They are very weak financially and numerically. They often worship in a very humble, simple building. The pastor has often to work with his hands or teach in order to make a support for himself and family. Their growth is slow, because of the high standard of morals and worship insisted upon everywhere. But they do grow, and are steady lights in great darkness oftentimes.

Evangelization.—Sometimes the young ministers are sent to occupy a new field where there are no Presbyterians. They secure a room or hall, establish a Sabbath-school, often with the coöperation and active work of white friends around them. They visit and do what they can to get a start. By and by an organization is effected. And so the work goes on. One white evangelist at large is provided.

The last available statistics show 56 ministers; 8 licentiates; 19 candidates; 56 churches; 110 ruling elders; 67 deacons; 1,328 communicants; 100 members added in the year; 1,746 Sabbath-school scholars; \$1,915 raised for their own support; \$1,440 paid their pastors by the churches. In connection with the churches there are seven schools, with about 500 pupils enrolled.

For this scheme the Assembly has raised a total of about \$130,000.

This work of education, sustentation and evangelization is entrusted by the General Assembly to an Executive Committee of eleven members, centering at Birmingham, Ala., of which Dr. E. H. Sholl is the Chairman and Rev. A. L. Phillips, D. D., is the Secretary.

The growth of the movement for the Colored Presbyterian Church is slow but steady. In November 28-29, 1897, the colored Presbyteries sent representatives to Birmingham, Ala., to consider the matter at length. After full discussion the convention unanimously declared that the time was at hand for the establishment of a self-governing Colored Presbyterian Church. A committee was appointed for the perfecting of the organization next May in New Orleans. There are now six Presbyteries, four of which are independent.

EDUCATIONAL WORK.

EXECUTIVE COMMITTEE OF EDUCATION FOR THE MINISTRY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES, MEMPHIS, TENN.

Rev. Joseph H. Lumpkin, Secretary.
G. W. Macrae, Esq., Treasurer.
Rev. W. McF. Alexander, Chairman.
John Johnson Esq., Clerk.
Rev. Neander M. Woods, D. D.

Rev. Sterling J. Foster.
Thomas Wellford, Esq.
S. P. Read, Esq.
C. H. Albright.

From the beginning of the existence of this Church, as distinct from that of the Presbyterian Church in the United States of America, she has attempted to aid in the education of worthy young men for the Ministry.

I regret that I have not records on hand from which to gather the facts prior to 1866.

The General Assembly, meeting in Macon, Ga., December 14, 1865, elected as members of the Executive Committee of Education the following persons: Rev. E. T. Baird, D. D., Secretary; W. F. Taylor, Esq., Treasurer; Rev. T. V. Moore, D. D., Rev. Moses D. Hoge, D. D., Rev. Wm. Brown, D. D., Rev. C. H. Read, D. D., Roger Martin, W. Hargrave White, P. B. Howard, W. D. Cooke and James Gordon.

The number of candidates then aided was small and the receipts for this purpose aggregated about \$2,000.

The Secretaryship was, and had formerly been combined with that of Publication, the Executive Committees having been located in Richmond, Va. Dr. Baird continued to serve in this capacity until May, 1874, the receipts then being \$17,000. The General Assembly then meeting in Columbus, Miss., adopted the following: "That the Executive Committee of Education shall be located at some central point in the great western field." Consequently the Executive Committee was then located in Memphis, Tenn., and constituted as follows: Rev. John N. Waddell, Secretary; James Elder, Esq., Treasurer; J. O. Stedman, D. D., W. E. Boggs, D. D., E. M. Richardson, D. D., Rev. A. Shotwell, Milton P. Jarnagan, B. M. Estes, J. B. Griffing, W. W. Armstrong and A. C. Elwell. Receipts for 1894-95, \$18,829.28. Thus Education was severed from Publication. The Executive Committee has remained in Memphis, Tenn., until the present time. In June, 1879, Dr. Waddell was elected Chancellor of the Southwestern Presbyterian University, located at Clarksville, Tenn., and resigned the Secretaryship of this work that he might take up the new duties to which he was called.

E. M. Richardson, D. D., then pastor of the Third Church, Memphis, Tenn., was chosen Secretary, the duties of this office to be discharged in connection with those of the pastorate. Accepting the position he continued in these relations until June, 1891. The General Assembly meeting in Birmingham, Ala., in May of that year requested Dr. Richardson to give the whole of his time to this work. He resigned his pastorate and devoted the whole of his time to these duties until removed by death June 30, 1897.

Rev. Joseph H. Lumpkin, pastor of the Third Presbyterian Church, Memphis, and also a member of this Committee, was elected in July, 1897, to succeed Dr. Richardson. Accepting this call, Mr. Lumpkin entered upon the duties of this office, September 1, 1897, and is at present the Assembly's Secretary of Education for the Ministry.

G. W. Macrae, Esq., the present Treasurer, was elected to this office, May, 1877, and has continued to serve in this capacity till the present time.

During the year 1896-97, 218 students were aided through this Committee, for which purpose the Church contributed \$16,552.97. We have enrolled to date this year 219 candidates, with receipts a little in advance of same date last year.

Work as reported to General Assembly, in May of each year, beginning with 1887:

PUBLICATION WORK OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES (SOUTHERN).

The Executive Committee is as follows: James K. Hazen, D. D., Secretary and Treasurer; M. D. Hodge, D. D., Charles H. Read, D. D., J. P. Smith, D. D., J. W. Rosebro, D. D., R. P. Kerr, D. D., Rev. J. Calvin Stewart, James Y. Fair, D. D., R. A. Lancaster, B. R. Wellford, W. W. Henry, M. M. Gilliam, and W. C. Preston.

This work is entrusted by the General Assembly to a Secretary and Treasurer and Executive Committee, and is located at Richmond, Va.

THE WORK.

1. To provide for the instruction of our people and for the extension of gospel truth and a sound religious literature. This purpose is carried out, in the first place, by the publication from time to time of such books and tracts as are suited to this end; and, in the second place, by the establishment of a depository, supplied with Sabbath-school and all other kinds of religious literature of all approved publishing houses.

2. To furnish our Sabbath-schools with the necessary helps for the study of the international Sabbath-school lessons. For this purpose the Executive Committee, under the order of the General Assembly, publish "*The Earnest Worker*," a monthly, containing a full commentary on the lessons of the month, for teachers and older scholars. Price, 60 cents a year; 5 or more copies to one address, 50 cents each.

"*The Children's Friend*," an illustrated children's paper, issued four times each month. The weekly lesson is also published in this. Price, 50 cents a year; 10 or more to one address at the rate of \$80 per 100, yearly.

"*The Quarterly*," containing two grades of questions upon the Bible lesson, for intermediate and advanced scholars, with brief notes. Price, 20 cents a year; 5 or more to one address, 15 cents each.

"*The Lesson Leaf*," containing each lesson on a separate sheet. The 52 lessons of the year for 7½ cents; or at the rate of \$7.50 per 100, yearly.

An "*Illuminated Card*," containing a brief lesson for the little ones. The 52 lessons 10 cents; or \$10 per 100.

8. To aid needy churches, Sabbath-schools, and missionary fields, by donation of books, tracts, and other literature as may be needed. Such donations are made as follows: To any minister, on his own application, tracts to the amount of five dollars, to be distributed in his work. To any church or Sabbath-school, upon the application and recommendation of the Chairman of Publication of the Presbytery in which the church or school is located.

4. To prosecute the work of Missionary Colportage, by which a sound religious and Presbyterian literature is carried to the homes of our people. This agency, of such vast power in edifying the church and in evangelizing the world, has been neglected by us, and the most we are now attempting is to keep one colporteur in each of the thirteen Synods of our church, our means not justifying any greater outlay.

WHAT THE PRESBYTERIAN CHURCH STANDS FOR.

The Presbyterian Church stands, as it has stood during its entire history, for loyalty to Scriptural doctrine, simplicity of worship, representative government, a high standard of Christian living, liberty of conscience, popular education, missionary activity and true Christian catholicity.

The influence of Presbyterianism, Hon. Wm. E. Gladstone depicts as follows: "It has given Presbyterian communions the advantages which in civil order belong to local self-government and representative institutions; orderly habits of mind; the development of a genuine individuality, together with the discouragement of mere arbitrary will and of all eccentric tendencies; the sense of a common life and the disposition energetically to defend it; the love of law combined with the love of freedom."

President Patten, of Princeton University, said: "Ours is not a cathedral-building Church. We never built a cathedral. I hope we never will. Our Church is a college-planting Church."

Ex-President Benjamin Harrison says: "The Presbyterian Church has been steadfast for liberty, and it has kept steadfast for education. It has stood for the highest scholarship, and it has equally stood against that pseudo-altitudinous philosophy which says there is no God, and that from a study of His Word says He has given us no Word. It has been strenuous in its opposition to this doctrine, and has stood as stiff as a steel beam for the faith delivered to our fathers, and it still stands with steadfastness for that essential doctrine—the inspired Word. It is not an illiberal Church. There is no body of Christians in the world that opens its arms wider or more lovingly, to all who love the Master, than the Presbyterian Church. It is catholic in its sympathy and in its cooperation with all churches, and though it has made no boast or shout, it has yet been an aggressive Church. It has been a missionary Church from the beginning. The missionary spirit is inherent in it."

UNITED SOCIETY OF CHRISTIAN ENDEAVOR.

Rev. Francis E. Clark, D. D., President.
John Willis Baer, General Secretary.

William Shaw, Treasurer.
Office: 646 Washington Street, Boston, Mass.

Young people's societies of various kinds are not new inventions in the Church, but have been in existence in many congregations for more than a generation. The first Society of Christian Endeavor was organized February 2, 1881, in Williston Church, Portland, Me., by the Pastor, Rev. Francis E. Clark.

It was established for the purpose of training young converts for church membership; to promote an earnest Christian life among its members; to increase their mutual acquaintance, and make them more useful in the service of God. The growth of the Society has been great. "The principle of the Society is denominational loyalty, and each local society is under no outside control and owes no allegiance save to its own pastor."

There are enrolled 8,578 Christian Endeavor Societies in the Presbyterian Church. This includes both the Northern and Southern Presbyterian Churches. There are about 514,080 members in these Presbyterian societies. There are now in the world 52,448 societies, with a membership of 8,146,880. These figures include the junior societies.

A STATEMENT OF THE WORK OF THE BOARDS.

THE BOARD OF FOREIGN MISSIONS OF THE PRESBYTERIAN CHURCH IN THE U. S. A.

Rev. John D. Wells, D. D., President. Charles W. Hand, Esq., Treasurer.
 Rev. F. F. Ellinwood, D. D., LL. D. }
 Rev. John Gillespie, D. D. } Sec's.
 Mr. Robert E. Speer.
 Rev. Arthur J. Brown, D. D. }
 The Presbyterian Building, 156 5th Ave., N. Y.

The Board of Foreign Missions was organized in the City of Baltimore, October 31, 1837, in accordance with the following action taken by the General Assembly on June 7th, of the same year:

"Resolved, That the General Assembly shall superintend and conduct by its own proper authority the work of Foreign Missions of the Presbyterian Church, by a Board appointed for that purpose, and directly amenable to said Assembly."

The foreign missionary spirit, however, and systematic effort to preach the Gospel to the heathen, antedated the organization of the Board, and even of the General Assembly by many years.

The first official action of the General Assembly looking to active participation in the work of Foreign Missions, was taken in 1817, when it united with the Reformed Dutch Church and the Associated Reformed Church, in forming "The United Foreign Missionary Society," whose object was "to spread the Gospel among the Indians of North America, the inhabitants of Mexico and South America, and other portions of the heathen and anti-christian world." In 1826 this society was merged into the American Board. In November, 1831, the Synod of Pittsburg, which from its organization in 1802 had exhibited marked missionary zeal, organized the "Western Foreign Missionary Society" for the purpose of "conveying the Gospel to whatever part of the heathen and anti-christian world, the Providence of God might enable the Society to extend its evangelical exertions."

From 1837 to the re-union, the Board was composed of 120 members, selected by the General Assembly from different sections of the Church, one-fourth of this membership being chosen each year. In 1870 the membership of the Board was reduced to fifteen by the Gen-

eral Assembly, and in 1890 enlarged to twenty-one, one-third of the members elected annually by that body.

The total results of the work of the Board cannot possibly be tabulated, but the following table embodies such facts as admit of record in figures :

The Board of Home Missions is the General Assembly's agency for placing the means of grace within the reach of all classes in all parts of our own country. It consists of ten ministers and eleven laymen, divided into three classes—each class to serve three years. They give their services without compensation. The President is elected by the Board and is a member. The Secretary and the Treasurer are not members of the Board, but are its executive officers. The Secretary is accountable to the Board for the faithful and efficient administration of the executive work.

The Work is three-fold, viz:

1. To aid feeble churches in the support of their pastors.
2. To maintain mission schools among the exceptional populations, namely, the Indians, the Alaskans, the Mormons, the Mexicans in the United States, and the mountaineers.

3. To provide missionaries and evangelists in new and destitute regions, in communities of foreigners and among the exceptional populations as the mission schools prepare them to hear the preached Word.

Nearly all the nations of the earth are represented in our population, many of them by entire communities, most of them by multitudes scattered throughout the land. A thoroughly Christianized America would, therefore, be a potent means for the conversion of the world. Every new church we organize at home is a new source of means and missionaries for the work abroad.

Our Field is the whole country, without regard to sectional lines, but it is always limited in particular localities by existing supply.

The exceptional populations number about 5,000,000. The results of our work among them are gratifying and encouraging. Churches have grown directly out of our mission schools among the Mormons, not counting the "Gentile" churches which are not the result of school work. Among the various Indian tribes we have 89 churches. In Alaska we have 9 churches. We have 29 churches among the Mexicans in the United States and 8 among the Mountaineers.

The whole force during the year 1896-7 numbered 1416, distributed in the following manner:

Origin of the Board.—The Board of Education was the offspring of those remarkable revivals of religion which preceded the year 1819. It was both "the pledge and the means of a new and determined purpose to give the gospel to mankind." It was organized by the General Assembly of 1819 with Robert Ralston, a merchant prince of Philadelphia, devoted to good works, for its first President; and Alexander Henry, a man of the same type, for its first Treasurer. The Rev. Wm. Neill, D. D., was made Corresponding Secretary.

At the re-union of the Old and New School Branches of the Church in 1870, the Board

of Education (O. S.) and the Permanent Committee on Ministerial Education (N. S.) were merged, and a new constitution was adopted for the new Board thus established.

Principles of the Board.—I. The work of raising up and training ministers of the gospel is a vital and organic function of the Church, and the Board of Education is the mere instrument of the Church for the efficient performing of this function.

II. The grand object of the Board is evangelistic. It is the agency by which the Church takes its first step towards supplying the world with heralds of salvation.

III. It recognizes the presbyteries as the responsible agents for the selection and care of candidates, and as the source of authority for the appropriation of funds.

IV. It aims to make its scholarships large enough in amount to constitute a real help to the faithful, the deserving and the energetic, yet leaving something to be done by the candidates themselves, so that their activity, self-reliance and habits of economy may be developed; and, on the other hand, to make them small enough to prevent their proving an attraction to the indolent, the insincere, or the ambitious.

V. It seeks by the granting of scholarships to encourage and enable candidates to get the best education which our country and our times can afford them, and requires that a thorough course of study be pursued preparatory to theology in an institution in sympathy with the doctrinal teachings of the Presbyterian Church, and afterwards a three years' course of theological studies in some seminary connected with the same church.

VI. It requires satisfactory reports from the teachers of the candidates several times a year as a warrant for the payments of scholarship money in order that only trustworthy, capable and promising men may enjoy the benefit of its aid.

VII. It leaves it optional with the candidate whether he will in after years pay back into the treasury the money expended upon his education; but it obliges him only to a warmer interest in the Church's efforts for the advancement of the Redeemer's kingdom, and especially to the use of the means necessary to instruct and stimulate her members in the duty of multiplying and sending forth preachers of the gospel of salvation to all the world.

Results. a. *The Increase of the Ministry.* The Board has during the 79 years of its existence, (from 1819 to 1898,) encouraged and enabled 8,765 students to undertake the long and expensive education which is exacted of ministers of the gospel by a total expenditure of \$3,073,638. The number of failures has been surprisingly small. During one period of 25 years there was an average yearly loss of four men. Some died, some lost their health, some turned aside to other pursuits under pledge to return the money expended upon them. A careful estimate shows, that, during the 18 years from 1870 to 1888, 97 per cent. of the average amount spent each year upon candidates was invested in men who actually entered the ministry. About 600 of the present force of home missionaries, about 120 of the foreign missionaries, about 30 presidents of colleges, about 40 college professors, were trained under the care of the Board. About 40 per cent. of the total ministerial force of the church were introduced into her service through this instrumentality.

b. *A High Standard of Learning and Piety set for the whole Church* by means of the rules under which the Board conducts its operations.

c. *An important Body of Literature upon the Whole Subject of Christian Education* embraced in the Annual Reports, Periodicals, Tracts and other publications issued by the Board.

d. *A Special Subservience to the Cause of Missions*, so that it has become the boast of the Board, that, "wherever there was a difficult duty to be done, a perilous post to be held, self-denial to be undergone, a forlorn hope to be led, the men of the Board have ever been foremost to offer their services."

e. *An influential share in the movement which led the Church to adopt a greatly improved method of making its benevolent contributions*, as shown by the recommendation made by the Board to the General Assembly on this subject in its report for the year 1854.

The largest number of candidates ever under the care of the Board at one time, was in 1896, when 1,037 were accepted. In 1897 the number was 911. The total number for 1898 is just one hundred less.

THE BOARD OF PUBLICATION AND SABBATH-SCHOOL WORK.

Hon. Robert N. Willison, President.
Rev. Wm. Benton Greene, Jr., D. D., Vice-President.
Rev. Elijah R. Craven, D. D., LL.D., Sec.
Rev. Charles T. McMullin, Treasurer.
Rev. Willard M. Rice, D. D., Recording Clerk.

Rev. James A. Worden, D. D., Supt. of Sabbath-school and Missionary work.
Rev. J. R. Miller, D. D., Editorial Supt.
Mr. John H. Scribner, Business Supt.

Office: Witherspoon Building, 1819 Walnut St., Philadelphia, Pa.

This Board is organized in three departments—the Sabbath-school and Missionary, the Editorial, and the Business, at the head of each of which is a Superintendent, all being under the general supervision of the Secretary.

I. Sabbath-School and Missionary Department.

The objects are: The organization of Sabbath-schools in the spiritually destitute portions of our land; 2. The upbuilding of weak and struggling Sabbath-schools; 3. The distribution of Bibles and the literature of the Board, by grants and missionary sales; 4. The visitation of families in communities destitute of means of grace; 5. The elevation and improvement of Sabbath-school work in all our churches; 6. The collection and presentation to the General Assembly of the Sabbath-school statistics of the entire denomination.

During the fiscal year 1896-97, there were in commission 76 missionaries; 988 schools were organized; 389 schools were reorganized; the total number of teachers and scholars added to the several schools was 50,608; 19,608 volumes of Christian literature were distributed, exclusive of 8,411 Bibles and Testaments; 89,940 families were visited; and 6,543,662 pages of tracts and periodicals were donated.

Month for collections, May.

Children's Day, June 12.

Rallying Day, September 25.

II. Editorial Department.

The object is the preparation of "Lesson Helps," periodicals and books. The "Lesson Helps" of the Presbyterian Board of Publication and Sabbath-school Work have been wonderfully successful. At the present time they reach more than a million scholars of different grades. The following is the list of these "Helps:"

- "The Westminster Teacher, for Teachers."
- "The Westminster Senior Quarterly."
- "The Westminster Intermediate Quarterly."
- "The Westminster Junior Quarterly."
- "The Westminster Lesson Leaf."
- "The Westminster Junior Lessons."
- "The Westminster German Leaf."
- "The Westminster Lesson Card."
- "The Westminster Question Book."

The periodicals published for the Sabbath-school scholars are: *Forward*, *The Sabbath-school Visitor*, *The Morning Star* and *Sunbeam*.

Besides these "Lesson Helps" and periodicals, the Editorial Department has the charge of the books which are issued by the Board. These consist, first, of Sabbath-school library books, and second, of other religious books, for ministerial and general use.

III. Business Department.

The objects are: 1. The care of the property of the Board; 2. The manufacture of books, tracts and periodicals; 3. The placing of the publications on the market.

The last mentioned work is performed through the agency of the main store in Philadelphia and the following depositories and branch houses:

The present Board of the Church Erection Fund is the successor of the two similar Boards that before the reunion were in charge of like interests in the Old School and New School division of our Church. These were respectively the Board of Church Extension and the Board of Church Erection.

The former, which was originally simply a committee of the Board of Domestic Missions, was organized and began to work in 1844; the latter in 1853.

The work of these agencies was carried on separately until, at the reunion of the two divisions of the Presbyterian Church, in 1870, they were consolidated under the name the Board now bears.

At that date a report to the General Assembly gives the statistics of the work of the two Boards up to that time. In addition to the 382 churches aided with grants to the amount of \$88,000 while the Old School branch carried on its work through the Board of Domestic Missions, the report speaks as follows of the fifteen years of independent work from 1855-1870:

"With this report the Board of Church Extension closes its fifteenth year of labor. In that time it has received in all \$515,287.36. It has made appropriations to 1,040 churches, amounting to \$458,780. It has thus aided in securing property worth \$3,575,000, and in furnishing church accommodations to at least 250,000 worshipers.

"During the same fifteen years the Trustees of the Church Erection Fund have received about \$300,000, and aided about 480 churches with grants and loans amounting to nearly \$200,000.

"Our now happily united Church has, therefore, since 1855, raised through its organized agencies over \$815,000 for church erection, aided more than 1,520 churches, that will, probably, accommodate 300,000 worshipers, and secured church property worth over \$5,000,000."

Since the reunion in 1870 there have been aided up to January 1, 1897, more than 4,250 churches to an aggregate amount not less than \$2,775,000.

The total number, therefore, of churches aided from the beginning is more than 6,000, and the amount disbursed about \$3,658,000.

II. Plan of Working.

Under the direction of the General Assembly the aggressive work of the Board is divided between three departments, viz.: that of its *General Fund*, its *Loan Fund* and its *Manse Fund*.

a. THE GENERAL FUND DEPARTMENT

Covers the work of the Board as originally designed, and provides for grants and small loans without interest to feeble churches, usually upon Home Missionary ground. To this fund go all the annual contributions of the churches and the interest upon invested funds. Appropriations are made under the following conditions:

1. The church applying must be incorporated and hold its property by a deed in fee simple.
2. No grant shall be made for the payment of any debt, except that which may have been contracted within one year previous in erecting a house of worship.
3. The sum granted to any congregation shall never be more than one-half of the amount contributed and secured by *them* for the house and lot—i. e., one-third of the entire cost.
4. In all ordinary cases the grant to the church shall not exceed \$1,000, and in making grants the Board shall give special consideration and preference to the weaker churches, and less costly buildings, when other things are equal.
5. *The Board is directed, whenever practicable, and in accordance with the best interests of the church aided, to engage with said church that the amount granted shall be regarded as a loan, not bearing interest, and to be repaid to the Board in specified annual payments to be also credited to the church as its annual contribution to the work of the Board.* [General Assembly, 1893.]
6. Whenever any congregation is able to raise toward the erection of a house of worship the sum of \$3,000, the propriety of obtaining (if help be needed) a loan without interest, upon the plan proposed by the Assembly of 1893, instead of asking a grant, should be carefully considered, so that the weaker churches, not having such ability, may receive the grants they really need, and in case of buildings exceeding \$5,000 in cost the application should be made ordinarily to the Loan Fund. [General Assembly, 1897.]
7. The appropriation, whether grant or loan, is subjected to the following provision of Article XII. of the General Assembly's plan, viz.:
"The conditions of all donations from this source shall be that in case the church or congregation shall cease to be connected with the General Assembly, or their corporate existence shall cease, or their house of worship be alienated except for the building or purchase of a better house of worship, they shall refund to the Board the amount which they have so received, with interest from the time of receiving it."
8. Before payment can be made the church must give a mortgage upon the property benefitted, which, however, is done only if property is abandoned.

b. THE LOAN FUND.

The Department of the Loan Fund was established by the General Assembly of 1891, and the plan and rules for its administration were adopted by the Assembly in 1892. This fund stands now at \$250,000. The following extract from the rules explains the conditions upon which loans may be made:

Conditions of Loaning.—Said fund may be loaned in small sums to such churches as shall be proper recipients under the following conditions:

1. Loans shall be made only to such churches as give promise of permanent life and strength.
2. No loan shall be made ordinarily to aid in the erection of any edifice costing more than \$10,000.
3. No loan to any one church shall ordinarily exceed either the sum of \$5,000, or one-half the value of the proposed lot and edifice.

4. No loan shall be made to any church which is not incorporated (as provided by the charter of this Board), and which does not hold the title to its property in fee simple and unincumbered otherwise than to this Board, provided that in the case of churches building upon leasehold property the Board, at its discretion, if it deems the security sufficient, may make the loan upon such mortgage as the Finance Committee and the Counsel shall approve.

Provisions Before Payment.—In the case of all such loans the following provisions shall be made:

1. Satisfactory proof shall be given as to the title to the property by which the loan is to be secured.

2. The loan shall be secured (1) by the bond or notes of the corporation, (2) by a mortgage upon the property benefitted, and (3) by a satisfactory collateral personal bond.

[Each person upon the personal bond may be responsible only for his proportionate part of the sum secured, according to the number signing the bond.]

3. Interest at 6 per cent. shall be charged in all ordinary cases, payable semi-annually. [Notice.—Rebate allowed upon final payment of one-half of interest, if payments have been prompt.]

Return of Loans.—Loans shall be ordinarily returned within ten years in annual installments.

c. THE MANSE FUND.

This fund was established in 1886 by a gift from Mr. R. L. Stuart of \$25,000. It now (1898) aggregates \$85,000.

The appropriations in all ordinary cases shall be made as *loans*, the amount, *without interest*, to be repaid by installments or otherwise, within three years, such loans never to

exceed one-half of the cost of the building. In case the appropriation, for exceptional reasons, is a *grant*, then the amount shall not exceed one-third the cost of the building.

The conditions as to title, mortgage, insurance, &c., are the same as in the case of grants from the General Fund.

III. The Constitution of the Board.

The Board is a corporate body, incorporated under the laws of the State of New York, and consists of twenty-one members, eleven of them ministers and ten ruling elders. These trustees are elected by the General Assembly, one-third each year, to serve for three years.

The Board of Relief has had a chartered existence for over twenty-one years.

At the very first meeting of the old Synod of Philadelphia, away back in 1717, 181 years ago, "A Fund for Pious Uses" was established, which was partly intended for the relief of disabled ministers and their families.

On January 11, 1759, the Synod obtained a charter from the province of Pennsylvania for a corporation, whose duty it was to make provision for "Poor and Distressed Presbyterian Ministers and Poor and Distressed Widows and Children of Presbyterian Ministers." To raise money to grant the relief contemplated, assessments were levied upon ministers, collections were taken in the churches and individual contributions were solicited, but many of the ministers could not be induced to pay the assessments levied, and the churches could not be induced to pay these annual assessments for them, and comparatively few received any benefit from the corporation. This corporation continued to report to Synod and then to the General Assembly for 78 years, up until the time of the division of the Church in 1837. As great difficulty was experienced in getting the members of this Annuity Company to pay their yearly dues, the beneficiaries became limited to those who voluntarily took their own policies of insurance, and this is the present status of its insurance work.

In 1856 the corporate title of this association was changed to "The Presbyterian Annuity Company," and in 1888 it was changed to its present title "The Presbyterian Ministers' Fund."

As many ministers and their families were found to be in great distress because they did not, and indeed could not, avail themselves of the advantages of membership in this association, in 1849 the General Assembly of the Old School branch of the Church recommended that the churches under its care take annual collections to relieve its disabled ministers and

the families of deceased ministers, and also to establish a Permanent Fund, the interest of which should be used for this purpose.

In 1865 the New School branch of the Church took similar action.

At the re-union of the Church in 1870, the Permanent Fund of the Old School branch amounted to \$41,444.75, and that of the New School branch amounted to \$38,110.00, a total of \$77,551.75.

The work of relief grew vastly in importance, and in 1876 the General Assembly organized the Board of Relief to do the work formerly done, first by the Board of Publication, then by the Trustees of the General Assembly, and then by a Committee, and this Board received a charter in the State of Pennsylvania October 21, 1876.

The General Assembly elects the Directors of this Board, and a most vitally important work is carried on under their supervision.

This Board cares for the aged ministers who are in need of help, as well as the funds of the Board will allow. A minister, who has been in the active service of the Presbyterian Church for thirty years, in the aggregate, as pastor, stated supply or as a commissioned missionary of the Church, and who is 70 years of age, is entitled to receive \$300 a year. Other disabled ministers receive what their Presbyteries recommend and the Board is able to give, up to \$300 a year, according to the necessities of each case. Widows of ministers, helpless orphan children of ministers, women missionaries and medical missionaries are all entitled to aid under the same general rules regulating annuities to ministers.

The money to pay these annuities is derived from three sources: From the interest on the Permanent Fund, from Church and individual contributions, and from legacies received by the Board.

The Permanent Fund is steadily growing. In 1851 it amounted to but \$13. At the time of the re-union in 1870 it had reached \$77,551. When the Board was formally organized in 1876 it reached \$135,794, and at present it amounts to \$1,551,788.

The Church collections were in 1888, \$98,922, but after the Centennial Fund was raised during that year, amounting to over \$600,000, the Church collections began to fall off, and in 1897 they only amounted to \$74,091. This year the Church collections are larger than they were last year, but our fiscal year does not close until the 31st of March, and the full returns have not yet been received for the year, and we cannot say exactly what they will foot up.

The individual contributions to the Board amount to several thousand dollars a year, and from these three sources the money is derived to pay the annuitants.

Last year the Board had under its care 885 families. Among these were ninety Honorably Retired veterans, whose average age was over 78 years.

The Board owns the Ministers' House, at Perth, Amboy, N. J., which is the old Colonial Governor's residence, surrounded with majestic trees, in a plot of eleven acres of ground, and has accommodation for about fifty persons. The larger part of the residents there is made up of women who have been missionaries, or who are the widows of ministers.

The imperative necessity of much larger contributions to this sacred cause is pressing more and more strongly upon the Church every year.

BOARD OF MISSIONS FOR FREEDMEN.

Rev. H. T. McClelland, D. D., President.

Rev. E. P. Cowan, D. D., Cor. Secretary.

Rev. John J. Beacom, D. D., Treasurer.

Office, 516 Market St., Pittsburg, Pa.

This Board works solely among the colored population in the South, educating teachers and preachers, building School Houses, Seminaries, Academies, Colleges and Churches, and paying salaries of ministers and teachers in their missionary fields of labor.

This work was organized by the General Assembly, which met in Pittsburg in 1865, and was carried on under the care of the "Committee on Missions for Freedmen," until 1882, when the Committee became incorporated according to the laws of the State of Pennsylvania, under the title "The Board of Missions for Freedmen of the Presbyterian Church in the United States of America."

Last year the Board reported 821 Churches and Missions under its care, ministered to by 175 ministers. There were 18,068 communicants in the churches under the care of the Board, but this does not include a number of the colored churches, some of which are independent, and others not ministered to by the Board on account of lack of funds. There were 19,021 scholars in the Sunday-school under the Board's care.

In addition to its church work, the Board maintained last year 67 schools, in which there were 9,442 scholars, cared for by 204 teachers. Of these schools 19 were classed as boarding

schools. Biddle University, at Charlotte, N. C., with its 13 Professors, all of whom are colored men but one, stands at the head of its educational work. Beside this, there are five large Seminaries for girls exclusively, namely: Scotia, at Concord, N. C.; Mary Allen, at Crockett, Texas; Ingleside, at Burkeville, Va.; Mary Holmes, at West Point, Miss.; Barber Memorial, at Anniston, Alabama. Next to these in grade come 13 Co-educational Boarding schools, at Franklinton, Oxford and Carthage, N. C., and Brainerd, Ferguson, Immanuel and Harbison, in S. C., and Haines in Georgia, and Swift in Tenn., and Cotton Plant, Richard Allen and Monticello in Arkansas, and Oak Hill, in Indian Ter. Besides these are eight other schools (not Boarding schools) that teach the higher branches.

Forty-five dollars will pay for one scholar in a Boarding school for one year; \$80 will help a student one year at Biddle University; \$250 will secure a parsonage for some poor, rent-paying minister; \$300 will give a minister one year's support \$500 will build a church.

The Board consists of fifteen members in five classes, each class serving three years. The Board has always had its headquarters in Pittsburg, and will issue its 33d Annual Report this year.

The Board holds directly in school buildings and in church buildings property worth about \$500,000. Other property in use in connection with the work of the Board, but held by other Trustees in trust for the Presbyterian Church in the United States of America, is valued at \$250,000.

The Presbyterian Board of Aid for Colleges and Academies, was established by vote of the General Assembly sitting in Saratoga, N. Y., May, 1883. This action was taken in the adoption of the report of a "Special Committee on Education." The report was signed by Herrick Johnson, Chairman, John Hall, Hervey D. Ganse, Charles S. Pomeroy, John DeWitt, Daniel W. Poor, Daniel S. Gregory, Joseph F. Tuttle, Henry Darling, Thomas D. Ewing, Thomas Lawrence, W. Howard Neff, Samuel Field.

The constitution of the Board is as follows:

a. The name of this Board shall be the Presbyterian Board of Aid for Colleges and Academies, and the general work shall have the limitations indicated by its title.

b. The Board shall consist of twenty-four members, divided into three classes, composed equally of ministers and laymen, and one class shall be elected each year.

c. The officers of this Board shall be a president, vice-president, treasurer and permanent secretary.

d. In the constitution of the Board the different parts of the country shall be equitably represented.

e. The headquarters of the Board shall be at Chicago, and the executive committee of the Board shall be residents in Chicago or the immediate vicinity.

f. Meetings of the Board may be held at different points in the country, as the Board shall elect.

g. The province of the Board shall be to secure an annual offering from the churches for this cause, to co-operate with local agencies in determining sites for new institutions, to de-

cide what institutions shall be aided, to assign to those institutions seeking endowment the special fields open to their appeals, that clashing between them may be avoided, and to discourage all independent appeals to the church at large.

6. The funds received by the Board shall be devoted either to current expenses of struggling institutions, or to permanent endowments.

The funds shall be secured (a) by annual offerings from the churches, mainly for current expenses of the institutions; (b) by special applications for endowment under the approval and general direction of the Board.

7. (a) Every institution hereafter established, as a condition of receiving aid, shall be either organically connected with the Presbyterian Church in the United States of America, or shall by provision charter perpetually have two-thirds of its Board of Control members of the Presbyterian Church.

(b) In the case of institutions already established, and not included under the above provisions, appropriations for endowment shall be so made as to revert to the Board whenever these institutions shall pass from Presbyterian control.

(c) In all other respects the disbursement of funds by the Board shall be wholly discretionary with the Board, both as to amount and direction, subject always to the control of the General assembly.

At the meeting for organization, which was held in Chicago, June 19th, 1888, the Rev. Dr. Herrick Johnson was elected President, and has been annually reelected to that office, Mr. Charles M. Charnley was elected Treasurer, and the Board provided for its incorporation under the laws of Illinois. At a later meeting the Rev. Hervey D. Ganse, D. D. was elected Secretary, and served the cause with great diligence, faithfulness, wisdom and success until his lamented death in the autumn of 1891. The Rev. E. C. Ray, D. D. was elected Secretary in his place, and in July, 1897, was elected Treasurer also, and serves in both positions.
